

Welcome to Esters!

I fell in love with wine for many reasons, but mostly because of the stories behind the bottles. Our shelves are filled with wines made by smaller producers, whose stories I know and love.

Many people are intimidated by wine. I want to change that. The truth is, it's just grape juice. It doesn't matter what you know. Just start talking to us. Or we'll start talking to you! Do you like full-bodied wine, or lighter styles? Do you like something more earthy or fruity? What's your budget? Let's have a chat.

The wines on our walls (and in the first part of this book) are separated by style. There's a separate section for our cellar bottles. (Something extra special for THAT kind of night.)

If you fall in love with a wine on our list, you can take it home. Nearly all our bottles are available in the retail shop.

So whether you're a novice or a Master Sommelier, I hope you'll find something unique to enjoy.

Cheers!

*Kathryn*

# Farming Matters!

Over the past couple of years, we've been making steps for a healthier planet and focusing on the farming behind the bottles on our shelves. All wines coming into Esters come from chemical-free vineyards, but we're all about finding winemakers that go above and beyond by implementing one or more of the following practices.

**Organic** - Farming without the use of chemical fertilizers, pesticides or other artificial agents.

**Biodynamic** - A holistic, spiritual way of farming beyond organic. Everything in the vineyard is interconnected, working in harmony with the sun, the stars and the moon.

**Dry-Farmed** - Vines cultivated without irrigation. Farmers plant a variety of drought-resistant cover crops that are mulched into the land during rainy periods.

**No-Till** - Farming without tilling or plowing. This method doesn't disturb the soil or leave it bare. It decreases erosion, runoff and weeds, AND it's a way of sequestering carbon.

**Regenerative** - A way of farming that renews and heals the land. It builds soil fertility, ecosystem diversity and draws carbon down from the atmosphere through cover crops, crop rotations, compost and animal manures. This method incorporates ALL of the other farming tenets mentioned above, and it's one of the key ways to reduce global warming.

# KATHRYN'S NOVEMBER PICKS

## SPARKLING

### **Gonet-Medeville Blanc de Noirs Brut, Ambonnay 1er Cru NV ... 92**

*Julie and Xavier Gonet-Médeville are, in many ways, the first couple of French wines. Both hail from storied winemaking families: Julie's family is famous for its incomparable Chateau Gilette, and Xavier comes from a long line of Champagne growers in Le Mesnil. Leading a new generation of winemakers, they bring their family knowledge, methods and passion to the many wines they now make together. They only own 1er Cru and Grand Cru vineyards, and maintain excellent farming. The Blanc de Noirs is a gorgeous gold color in the glass, and it's all about richness and texture.*

## WHITE

### **Domaine Zind-Humbrecht 'Roche Granitique' Riesling Alsace, France 2018 ... 83**

*Zind Humbrecht is one of the blue chip producers in Alsace, founded in 1959, following the marriage of Léonard Humbrecht to Geneviève Zind. However, the Humbrecht family has been growing grapes since 1620. The estate is now run by Olivier Humbrecht (who visited Esters in 2019!) - the first Frenchman to qualify for as a 'Master of Wine.' The estate is Biodynamic and produces pure, natural wines. The Riesling 'Granitique' comes from granite soils that enjoy some of the most precocious, warm, sun drenched land in Alsace. The resulting wine is dry but full of ripe stone fruit flavors and all that rich Riesling goodness!*

## RED

### **Pax Cellars Gamay, Alpine Peaks, El Dorado, California 2019 ... 53**

*Pax Mahle is a winemaker to know if you're a fan of the "new California" wines. Pax moved to Napa in 1997 to pursue a career in wine, beginning with a buying position at Dean & DeLuca. By 2000 he started in own brand "Pax" focusing on the Syrah grape. Initially his style was showcasing the big and powerful side of single-vineyard Syrahs. But over the years his wines have gotten lighter and more balanced. Gamay isn't a grape you see everyday in California - this is special! Juicy, aromatic, and light on it's feet - this red is superb when chilled and hits it out of the park for Thanksgiving or any big feast.*
