

Welcome to Esters!

I fell in love with wine for many reasons, but mostly because of the stories behind the bottles. Our shelves are filled with wines made by smaller producers, whose stories I know and love.

Many people are intimidated by wine. I want to change that. The truth is, it's just grape juice. It doesn't matter what you know. Just start talking to us. Or we'll start talking to you! Do you like full-bodied wine, or lighter styles? Do you like something more earthy or fruity? What's your budget? Let's have a chat.

The wines on our walls (and in the first part of this book) are separated by style. There's a separate section for our cellar bottles. (Something extra special for THAT kind of night.)

If you fall in love with a wine on our list, you can take it home. Nearly all our bottles are available in the retail shop.

So whether you're a novice or a Master Sommelier, I hope you'll find something unique to enjoy.

Cheers!

Kathryn

JASPER SORTUN

Farming Matters!

Over the past couple of years, we've been making steps for a healthier planet and focusing on the farming behind the bottles on our shelves. All wines coming into Esters come from chemical-free vineyards, but we're all about finding winemakers that go above and beyond by implementing one or more of the following practices.

Organic (CO) - Farming without the use of chemical fertilizers, pesticides or other artificial agents.

Practicing Organic (PO) - Follows the above practices, but doesn't have official certification from their country, as this can be a very expensive process for small farmers and winemakers. They're still doing the important work though!

Biodynamic (B) - A holistic, spiritual way of farming beyond organic. Everything in the vineyard is interconnected, working in harmony with the sun, the stars and the moon.

Dry-Farmed (DF) - Vines cultivated without irrigation. Farmers plant a variety of drought-resistant cover crops that are mulched into the land during rainy periods.

No-Till (NT) - Farming without tilling or plowing. This method doesn't disturb the soil or leave it bare. It decreases erosion, runoff and weeds, AND it's a way of sequestering carbon.

Regenerative (R) - A way of farming that renews and heals the land. It builds soil fertility, ecosystem diversity and draws carbon down from the atmosphere through cover crops, crop rotations, compost and animal manures. This method incorporates ALL of the other farming tenets mentioned above, and it's one of the key ways to reduce global warming.

KATHRYN'S OCTOBER PICKS

SPARKLING

Pranzegg 'Miau' Rosato Frizzante, Trentino Alto Adige, Italy NV B 66

This is a super refreshing petillant-naturel from Alto Adige in northern Italy. Winemaker Martin Gojer has become one of Italy's most respected and dynamic artisan producers of Biodynamic, natural wine. He has just a few acres of vineyards located on the super steep mountain slopes. And everything is done by hand. For the 'Miau!' he blends two local grape varieties, Schiava and Lagrein, to produce this dark pink, cloudy rosé.

WHITE

Meyer-Fonne 'Dorfburg' V.V. Gewurztraminer, Alsace, France, 2018 PO 72

The Gewürztraminer grape (pronounced geh-WERTS-truh-meen-er) is one of my favorite pairing wines for fall vegetables. It's a unique varietal, with notes of lychee, citrus, rose petal, ginger and spice. And it often has a slightly sweet flavor, called "off dry." This beautiful version is made by Félix Meyer, a rising star in Alsace. The winery and family home is in the village of Katzenthal, known for its distinctive granite soils. Felix is the third generation in his family to be making wine since his grandfather founded the domaine in the late 19th century.

RED

Dario Princic, Rosso, Friuli, Italy 2020 PO 69

Dario likes to call himself an "artisan of wine"... It's true, but his delicious, character-filled and wildly complex wines manage to extend beyond artisan into the realm of true art. He's most famous for his masterful orange wines, but his reds are equally stunning. The winery is located in the village of Oslavia, on the border with Slovenia. Long before natural wines were even called that (way back in 1993) Dario was working like he is now, according to the strictest and purest natural ethos. His estate, composed of soils mainly of ancient clay-limestone, extends for about 10 hectares of steeply terraced vineyards surrounded by verdant woods. This cozy, big red is mostly Merlot - it's super earthy, full of natural funk flavors, dark red fruits and spices.

CELLAR WINES

Not everyone wants to splurge on a super special bottle. It's not always that kind of night. But when it is, these are my picks. -

Kathryn

A NOTE ABOUT FARMING

Esters acquired many of our cellar wines before our 2020 commitment to transparency with farming practices, so some of the following wines do not fall within our new guidelines.

However, the majority of the wines listed without symbols fall into the sustainable farming category, and use mostly organic practices.
