

Welcome to Esters!

I fell in love with wine for many reasons, but mostly because of the stories behind the bottles. Our shelves are filled with wines made by smaller producers, whose stories I know and love.

Many people are intimidated by wine. I want to change that. The truth is, it's just grape juice. It doesn't matter what you know. Just start talking to us. Or we'll start talking to you! Do you like full-bodied wine, or lighter styles? Do you like something more earthy or fruity? What's your budget? Let's have a chat.

The wines on our walls (and in the first part of this book) are separated by style. There's a separate section for our cellar bottles. (Something extra special for THAT kind of night.)

If you fall in love with a wine on our list, you can take it home. Nearly all our bottles are available in the retail shop.

So whether you're a novice or a Master Sommelier, I hope you'll find something unique to enjoy.

Cheers!

Kathryn

Farming Matters!

Over the past couple of years, we've been making steps for a healthier planet and focusing on the farming behind the bottles on our shelves. All wines coming into Esters come from chemical-free vineyards, but we're all about finding winemakers that go above and beyond by implementing one or more of the following practices.

Organic (CO) - Farming without the use of chemical fertilizers, pesticides or other artificial agents.

Practicing Organic (PO) - Follows the above practices, but doesn't have official certification from their country, as this can be a very expensive process for small farmers and winemakers. They're still doing the important work though!

Biodynamic (B) - A holistic, spiritual way of farming beyond organic. Everything in the vineyard is interconnected, working in harmony with the sun, the stars and the moon.

Dry-Farmed (DF) - Vines cultivated without irrigation. Farmers plant a variety of drought-resistant cover crops that are mulched into the land during rainy periods.

No-Till (NT) - Farming without tilling or plowing. This method doesn't disturb the soil or leave it bare. It decreases erosion, runoff and weeds, AND it's a way of sequestering carbon.

Regenerative (R) - A way of farming that renews and heals the land. It builds soil fertility, ecosystem diversity and draws carbon down from the atmosphere through cover crops, crop rotations, compost and animal manures. This method incorporates ALL of the other farming tenets mentioned above, and it's one of the key ways to reduce global warming.

KATHRYN'S FEBRUARY PICKS

SPARKLING

Fattoria Moretto Lambrusco Grasparossa Secco Emilia-Romagna, Italy NV co 47

"Moretto is to Lambrusco what Tempier and Terrebrune are to rosé. It reminds me of the best reds of Bandol and Tuscany, with herbs like thyme, and a sort of dusty mineral quality, like you find in some of the top Bordeaux and Tuscan wines." - Kermit Lynch. Now that's high praise! Moretto is a small, family-run winery in the hills of Castelvetro, near the famous town of Modena, Emilia Romagna. Originally founded by Domencio Altariva and his wife Albertina, now their two sons Fabio and Fausto run the estate. The winery is small and simple, but their wines are super special.

WHITE

Pax Trousseau Gris 'Fannuchi Wood Road Vineyard' Russian River Valley, California 2021 PO,DF 72

Pax Mahle is a winemaker to know if you're a fan of the "new California" wines. Pax moved to Napa in 1997 to pursue a career in wine, beginning with a buying position at Dean & DeLuca. By 2000 he started in own brand "Pax" focusing on the Syrah grape. Initially his style was showcasing the big and powerful side of single-vineyard Syrahs. But over the years his wines have gotten lighter and more balanced. Trousseau Gris isn't a grape you see everyday in California - this is special! Delicate and light, this delicious alpine-styled wine has mouth-watering acidity and delicate stone fruit flavors. Bright, fresh and clean, with supple yellow and white tree fruits, pronounced floral aromatics, and exotic spices..

RED

Brown Estate, Zinfandel, Napa Valley, California 2021 PO 110

Brown was the first Black-owned winery in Napa Valley. From Deneen, David, and Coral Brown: "In 1980 our parents purchased an abandoned ranch in the eastern hills of the Napa Valley. They rehabilitated the crumbling homestead and planted viniferous grapes - which for a decade we farmed and sold to local winemakers. In 1995 we kids decided to make our own wine. We established the Brown Estate label officially in 1996 when we harvested what would become our first bottling of Brown Zin....Our business has grown slowly but surely as our brand has gained increasingly broad exposure to an extraordinarily diverse audience thanks to word of mouth IRL and on social media." This is their 24th vintage of the flagship wine.

CELLAR WINES

Not everyone wants to splurge on a super special bottle. It's not always that kind of night. But when it is, these are my picks. -

Kathryn

A NOTE ABOUT FARMING

Esters acquired many of our cellar wines before our 2020 commitment to transparency with farming practices, so some of the following wines do not fall within our new guidelines.

However, the majority of the wines listed without symbols fall into the sustainable farming category, and use mostly organic practices.
