

Welcome to Esters!

I fell in love with wine for many reasons, but mostly because of the stories behind the bottles. Our shelves are filled with wines made by smaller producers, whose stories I know and love.

Many people are intimidated by wine. I want to change that. The truth is, it's just grape juice. It doesn't matter what you know. Just start talking to us. Or we'll start talking to you! Do you like full-bodied wine, or lighter styles? Do you like something more earthy or fruity? What's your budget? Let's have a chat.

The wines on our walls (and in the first part of this book) are separated by style. There's a separate section for our cellar bottles. (Something extra special for THAT kind of night.)

If you fall in love with a wine on our list, you can take it home. Nearly all our bottles are available in the retail shop.

So whether you're a novice or a Master Sommelier, I hope you'll find something unique to enjoy.

Cheers!

# Farming Matters!

Over the past couple of years, we've been making steps for a healthier planet and focusing on the farming behind the bottles on our shelves. All wines coming into Esters come from chemical-free vineyards, but we're all about finding winemakers that go above and beyond by implementing one or more of the following practices.

**Organic (CO)** - Farming without the use of chemical fertilizers, pesticides or other artificial agents.

**Practicing Organic (PO)** - Follows the above practices, but doesn't have official certification from their country, as this can be a very expensive process for small farmers and winemakers. They're still doing the important work though!

**Biodynamic (B)** - A holistic, spiritual way of farming beyond organic. Everything in the vineyard is interconnected, working in harmony with the sun, the stars and the moon.

**Dry-Farmed (DF)** - Vines cultivated without irrigation. Farmers plant a variety of drought-resistant cover crops that are mulched into the land during rainy periods.

**No-Till (NT)** - Farming without tilling or plowing. This method doesn't disturb the soil or leave it bare. It decreases erosion, runoff and weeds, AND it's a way of sequestering carbon.

**Regenerative (R)** - A way of farming that renews and heals the land. It builds soil fertility, ecosystem diversity and draws carbon down from the atmosphere through cover crops, crop rotations, compost and animal manures. This method incorporates ALL of the other farming tenets mentioned above, and it's one of the key ways to reduce global warming.

# BIODYNAMIC WINES WE LOVE!

## SPARKLING

### **Domaine des 13 Lunes, '13 Bulles' Pet-Nat, Savoie, France B 66**

Former woodworker-turned-winemaker Sylvain Liotard farms 5.7 hectares in the French Alps mountain village of Chapareillan, along the slopes of the famous Mont Granier. He began in 2014 and pursues biodynamic viticulture. He cares deeply for the land he cultivates and approaches winemaking in a simple yet honest manner – with minimal intervention but with an openness to new ideas and processes. Savoie, the mountainous area in southeastern France, where Switzerland meets Italy, is often overlooked compared to many other French wine-producing regions. Sylvain is part of a wave of young winemakers embracing the local varietals to produce approachable wines that reflect the cool air and water that help the vines grow. This is a fresh and floral, delicately sparkling pétillant naturel made from 100% Jacquere.

## WHITE

### **Domaine du Temps, 'Cosmopolite' Blanc, Languedoc, France 2021 B,CO 56**

Lauranne Gobert is the woman behind Domaine du Temps. Before purchasing the estate with her husband Jeremy in 2014, Lauranne worked in Burgundy with the legendary natural winemaker Frédéric Cossard. There she cultivated a discipline and love for natural wine which inspired her to set out on her own project. When Lauranne discovered the property that would become Domaine du Temps it had been already certified organic since 1996. But her mission was to incorporate Biodynamic principles and tons of biodiversity. Today the 12 hectares of vines are interspersed with donkeys, chickens, orchards and vegetable gardens. Lauranne says, "My wines are naturally made, no chemicals but a lot of love. This is a unique white wine made from 100% Cinsault (a red grape) – it's loaded with texture and minerality. Delicious!

## RED

### **Chateau Le Puy, 'Emilien', Bordeaux, France 2019 B 125**

Do you ever wonder what Bordeaux tasted like 100 years ago. This is it. The Amoreau family at Château Le Puy has essentially been making wine the same way for 14 generations, since the 1400s. The winery is located in Côtes de Bordeaux, on the same plateau as Pomerol and St. Emilion but on the far eastern edge of the appellation. Only half of their land is planted vines, and all surrounded by fields, forrests and ponds to preserve as much natural ecosystem as possible. They farm Biodynamically, plow by horse and make authentic natural wine (so rare in Bordeaux). The Emilien is their most iconic cuvée.

### 2024 Resolution: Drink More Champagne!

We love Champagne here at Esters. Yes, it is perfect for celebrations, but it is also an iconic, delicious WINE for any occasion. It goes with anything you want to eat and it just feels fancy. Simply popping a bottle of Champagne makes any day a good day.

One of our 2024 resolutions is to DRINK MORE CHAMPAGNE - and we want you to join us. We are taking a hint from some of our favorite wine bars by slashing prices on Champagne bottles on our list for all of 2024. Here, we are proud to offer some of the best deals in town for exceptional Champagne.

Cheers!
